Day***

February 14, 2017

Disability Awareness Day at the State Capitol, hosted annually by the Coalition for Citizens with Disabilities, offers people with disabilities, family members and advocates an opportunity to learn about current disability issues, network with others in the disability community and speak with decision-makers who can preserve or expand services that make a critical difference in the lives of Mississippians with disabilities.

Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has.
